

**ADDENDUM to the
Profile Chart for Indicating Mastery of Multiple Students**

This form is to be completed by all instructors reporting competency attainment on the *Profile Chart for Indicating Mastery of Multiple Students* or the “group” reporting form. Teachers in all program areas will need to complete this form, with the exception of those Trade and Industrial Education teachers who are teaching level II courses that are being phased out. They will not need to complete this form for the courses being phased out, as the needed information is already on the *Instructor Competency Attainment Reporting Form* that they will be using. Complete one form if on a traditional schedule and two forms if on a block schedule (one for fall and one for spring). Use the second row in each class period to report the second nine weeks or semester class (if applicable).

- **Submit this form to your vocational director along with your group reporting forms for each class.**
